

Best wishes for a happy and prosperous New Year

We hope that you had an enjoyable Christmas and New Year break - but now, we all know, it's back to reality and meeting all those objectives and targets for 2007, and we hope that we can continue to provide you with all the support you need on the relocation and accommodation front throughout the year.

2006 - another successful year for HCR

Above all else, as you know, we measure our success by the feedback we get from the people we actually move. That's the reality of the service we provide. In 2006 we were pleased to record an overall satisfaction rating of 4.5 out of 5 from all those we helped move during the year. For us that means our attention to detail and the dedicated personal service we provide was giving people what they need - help and support during the stresses and strains of relocating.

Rental accommodation - increasingly the solution to recruitment and relocation

Sourcing and managing rental accommodation has become an increasingly important part of the relocation services that we provide for many of our clients. So much so that we are now the largest corporate tenant in the UK and provide expert tenancy and dilapidations management with over 5,000 properties on our books.

If you think making more use of temporary accommodation - including tenancies under 6 months - rather than expensive hotels might be of help to you in 2007 - then please feel free to explore with us now the range of flexible rental services that we have to offer.

Introducing a new service - Homemover

Based on our 25 years of assisting employees with their relocation, we are now pleased to offer a new service for your employees not relocating but "just" moving home. For your busy employees even moving home in the area can be a real distraction and with many of the same stresses and strains experienced during a relocation move. Our **Homemover** service offers:

- An experienced personal Move Adviser providing impartial and expert advice through the whole process of buying and selling property.
- Removals and other supplier management.
- Independent mortgage advice.
- A competitive, all-inclusive fee covering Estate Agent's fees and standard sale and purchase legal fees, for less than the fee charged by some Estate Agents
